

FOR IMMEDIATE RELEASE

**VISTA PROJECTS MANAGING PRINCIPAL NAMED  
AVENUE MAGAZINE'S TOP 40 UNDER 40**

*Distinguished Award Recognizes Calgary's Most Influential Young Leaders*

**CALGARY, ALBERTA—October 30, 2009** – Vista Projects Limited is proud to announce that Richard Campbell, Managing Principal, has been selected as one of the recipients of *Avenue* magazine's Top 40 Under 40 Class of 2009. A panel made up of *Avenue*'s editorial staff and senior business leaders selected recipients who excel in their careers, give back to the community, and in the process, elevate the profile of Calgary.

"*Avenue* magazine's Top 40 Under 40 is our annual selection of Calgary's brightest and most active leaders under the age of 40," says Käthe Lemon, editor of *Avenue*. "Top 40s are movers and shakers, industry innovators and community builders in every realm, from business and politics to education, arts, fashion, design, sport and culture."

Campbell has been with Vista Projects since 2003. He is responsible for facilitating the company's growth and direction and has helped Vista grow into a leading technical engineering firm of 150 talented people, executing some of the most successful projects in Western Canada's oil and gas industry.

Campbell has worked in a variety of roles at Vista. Specifically, he has been responsible for the addition of new services focused on cost, schedule and budgeting as well as leading teams on projects ranging up to \$500 million. For the past two years, he has focused on bringing together a team of exceptional leaders who are tasked with continuing Vista's growth into a premier technical engineering organization.

"I am honoured to be recognized among such a talented group of Calgarians," says Campbell. "It is great to see leaders from so many industries share the same devotion towards enhancing both their careers and the community."

Campbell also believes in giving back to the community through numerous volunteer efforts, most recently completing a 700 km trek across the Alps, which raised nearly \$20,000 to build three libraries in rural Nepal. He has also volunteered overseas; assisting NGOs in Argentina adopt technology. Here in Calgary, Campbell continues to help newcomers to Canada succeed in the local workforce. Both locally and globally, Campbell aims to help others achieve their dreams and supports causes that provide individuals with the opportunity to create an equitable and prosperous future for themselves and their families.

Campbell and the rest of the recipients were honoured at a celebration last night at Heritage Park's Gasoline Alley Museum and will be profiled in a special section of the November issue of the Calgary edition of *Avenue* magazine.

**About Vista Projects Limited**

Vista Projects Limited (<http://www.vistaprojects.com>) is a multi-discipline, technical engineering firm providing solutions to energy firms in Western Canada. While Vista has been active in all aspects of the oil and gas market, it has grown to become a leading engineering firm for thermal energy projects, working on some of the most successful in-situ heavy oil projects in the Alberta oilsands.
