

FOR IMMEDIATE RELEASE

Vista Projects Positions for Growth

Bruce McRae, P. Eng. joins Vista as VP of Business Development

July 14, 2009 (Calgary, AB) – Vista Projects Limited (Vista), a leading multi-discipline Calgary-based technical engineering firm, is pleased to announce the appointment of Bruce McRae, P. Eng. as Vice President - Business Development. Bruce will be responsible for growing Vista's client and project base, leveraging off Vista's solid reputation as a high quality engineering services provider within the oil and gas sector.

"Vista has a significant client base with ongoing repeat business. Adding Bruce to the team will allow Vista to continue to provide service excellence with our current client base, establish new client relationships and develop new, challenging opportunities for our personnel," said Alex Campbell, founder of Vista Projects. "His prior business development background in thermal heavy oil projects and conventional oil and gas facilities is a valuable new asset for our company."

Bruce is a professional engineer with a B.Sc. in Mechanical Engineering from the University of Alberta, with twenty-four years of experience in the energy industry. The past fourteen years of his career have been in a business development capacity with several companies. "I am looking forward to new, exciting opportunities for Vista Projects as the energy industry continues to evolve," adds Bruce. "My background and skill set, along with the limitless opportunities in front of Vista, provide a perfect fit for Vista and myself."

About Vista Projects Limited

Vista Projects Limited (<http://www.vistaprojects.com>) is a multi-discipline, technical engineering firm providing solutions to energy firms in Western Canada. While Vista has been active in all aspects of the oil and gas market, it has grown to become a leading engineering firm for thermal energy projects, working on some of the most successful in-situ heavy oil projects in the Alberta oilsands.
